

# DIGITAL AUDIO ASSIGNMENT

## Task Description

Create a one-minute composition using Cubasis based primarily on speech using YOUR voice.

## Instructions

1. The composition must be based primarily on speech using YOUR voice. It can take the form of a poem, story, advertisement, drama, whatever... so long as it is a work that is voice based.
2. The work must have a consistent theme - something that it is ABOUT. This idea should be shown in the sounds in sound as well as in the text.
3. Other sounds, music, or sound effects could be added as background or accompaniment to the voice. (By cassette, CD, microphone, MIDI, or internet resources)
4. The voice must be processed for a portion of the work.
5. Write a **one page report** describing your work.

Include: -

- a. A description of what the composition is about (main idea or theme)
- b. sound sources
- c. how many tracks
- d. technical processes
- e. timing
- f. artistic decisions that needed to be made

## Marking Scale
