

Parts of a Website - Worksheet

Think about what sort of information you will find in each part and what it might tell you about the Web site. You will need to click through different parts of the site to explore it fully. Record your thoughts below (the first one is done for you).

| Part of a Web site | What this might tell you about the site |
|--|---|
| Title | Key words, what it's about, relevance |
| Body of the text | |
| Graphics | |
| URL | |
| Bottom of the screen may have to scroll down to see this | |
| Homepage | |
| About us - this information may be in (Frequently Asked Questions) FAQs section | |
| Advertising | |
| Links - both within the text and in separate menus | |
| Whole site - often need to click and move to different parts of the site to find information | |
